Dear Bobby and LAPA Members,

This letter comes with applause for your over 35 years of dedication to strengthening and advancing yourselves and the profession of law.

Providing a forum for networking and education that leads to jobs is an immeasurable posture in these days, and your diligence in advancing that cause is sure to be rewarded.

At this anniversary of Business and Professions Code Section 6450, which I signed into law ten years ago, I am delighted at the fruit that its signing has born. LAPA is one of the finest examples of its effect and I encourage you to make the next ten years even more significant.

You have worked hard and I know that you will continue to be a force for change and opportunities.

Best regards,

A handwritten signature in black ink, appearing to read "Gray Davis", written over a horizontal line.

Governor Gray Davis (Ret.)
